Subject: Dusting Off the CWPP and Other Thoughtful Information

Warning: this message is from an external user and should be treated with caution.

Dear County Fire Advisory Commission,

I would like to share this information as a thoughtful guide for what your Commission can use to base possible future recommendations to the Board of Supervisors for fire adaptive planning in Santa Cruz County.

<https://fireadaptednetwork.org/dusting-off-that-cwpp/>

As this site clearly describes, having a Plan is only as good as the actions made to implement it.

I searched for the Santa Cruz County CWPP and found a description of the document on the Santa Cruz County FireSafe Council website:

<https://www.firesafesantacruz.org/community-wildfire-protection-plan>

The link to the Draft 2018 CWPP goes to the County Fire Dept. website, but there is no information about the CWPP there: http://santacruzcountyfire.com/resource_mgmt/cwpp/2018_cwpp_update_final_v2_reduced.pdf

Can you please include the CWPP on the Santa Cruz County Fire Dept. website?

I look forward to the AP Triton Consultant work on the Santa Cruz County Fire Master Plan. I hope that your Commission will take an active role in making and prioritizing recommendations for actions to implement it.

Sincerely,
Becky Steinbruner
